KAL53  
NOUGAT

KAL55  
SAFFRON

KAL08  
ORANGE

KAL25  
TURQUOISE

KAL88  
ANTHRACITE

## Craft glue

DC31M

Very fine glue, especially for binding and journaling. It allows few seconds to position the paper to be glued. When you glue two papers, like the pages in journaling the effect is flexible and smooth.

## Aquacolor

Natural spray paints. The complete range comes in 18 shades and 18 iridescent colours.

Bottles with atomizer.

KAQ015  
AQUACOLOR SPRAY ML  
60 - AQUAMARINE

KAQ004  
AQUACOLOR SPRAY  
ML 60 - LEATHER

## Selection

### Jewel Alcohol ink

The colours are all beautifully blending together and the diluent helps to create shades and deep effects. You can just pour it and let it flow or dab it with a sponge or paint it with a thin brush. It works very well with the Crystal resin, the Mixed Media Paste.

KAD005  
ORANGE

KAD009  
TURQUOISE

KAD007  
OCHRE

## Crystal Resin

KEN12

Crystal Resin is suitable for any non-porous surface. Paper and wood need to be sealed first with a varnish or Mix Media glue to ensure that it does not seep into the object or paper which will go translucent if not protected. The work surface needs to be absolutely flat as this is a self-levelling product.

## Glamour Paste

Glamour Paste is a sophisticated formula for a very elegant effect. It is water based. It can be spread flat with a brush or with high volume with a spatula. It contains particles reflecting the lights and Giving the surface a satin look. It is ideal for stencil.

K3P61D

K3P61B

K3P61A

K3P61C

## Porporina

Porporina is an extremely light metallic powder that you can mix with Alcohol Ink to obtain a covering, metallic paint. It is so light that it will rest on the surface of the paste or Resin creating a beautiful marble effect.
