# Cream Paste

Metallic version of the popular Cream Paste. Very versatile, to obtain beautiful impressed films with moulds and also for stencils and backgrounds.

The name is describing very well the product.  
It is a super soft, light paste and flexible. Available for different colors: white, silver, metallic blue and gold. You can apply it in different ways:

- with spatula for dimensional effect
- to create volume on the paper
- to create a film with A5 molds to decorate flat and round surfaces.

# YOU CAN APPLY:

## For Painting

- using a brush you can create shadow and 3d effect on white cream paste and pasta scultura

PROJECTS BY  
DONATELLA RUSSO

## On Mini Mould or Texture Impression Mould

PROJECTS BY  
SARA ALCOBENDAS
