Dorota Kotowicz presents her new Collection: Passion. After the success of Winter Tales Dorota offer another very romantic theme. Passion is the drive that make us stand up and try again and again until we find what we are looking for. Whatever you like, whatever you are aiming at, to arrive high where you want, you need Passion and Love for what you do. The Collection is very rich, papers, stamps, stencils, beautiful lettering and a new album Collectables to cut out and enrich any project.
